## INDEX TO ESTATES 1767-1995 HANTS COUNTY COURT OF PROBATE

This index to the estate files for Hants County is a byproduct of the genealogical indexing work of the Hantsport and Area Historical Society. Over the course of the past five years, vital statistics from primary sources such as church records, cemetery records and census records that relate to Hantsport families have been extracted and sorted. More than 15,000 entries are now included in the Hantsport Genealogical Index. One of the sources covered by that index was the Hants County Court of Probate. It was our intention to secure permission to extract only the file numbers and dates of death for individuals from Hantsport. However, with the encouragement of the Registrar of Probate, Mrs. Mary Louise Rippey, the Society undertook to input and sort all the file cards for Hants County.

I hope that this index will prove to be a valuable tool for the staff and clients of the Registry of Probate, as well as for genealogists, archivists and historians. The records for individuals whose place of abode was listed as Hantsport are included in the Hantsport Genealogical Index up to the year 1955. Keying and sorting of the file cards for estates from 1955 to the end of December 1991 was completed during the summer of 1992. The cards for 1993 to the end of 1995 have since been added and are included in this revision.

There are a total of 10,573 entries. The first estate was dated 28 Nov 1776 for Jeremiah Baker of Newport, the procedure based on the probate act of 1758 entitled "An Act relating to Wills, Legacies, and Executors, and for the Settlement and Distribution of the Estates of Intestates" - Nova Scotia Laws, 1758, c. XI, pp 9-13. The law did not then apply to married women, anyone under twenty-one years of age or anyone of unsound mind. Also, if there was no will then probate was often not recorded.

Abbreviations used in the column "Date of Grant" include:

PROB for probate  
ADM. for administration  
GUAR for guardianship  
WILL for a will filed for safekeeping, and  
CTA ( cum testamento annexo), Latin for ‘will annexed’.

Other notes include DE BONIS NON where the executor’s duties went unfinished and RESEAL for estates of non-residents with property in Hants County.

The contents of the estate files have been filmed by the Genealogical Society of Utah and are presently available on microfilm and open to the public up to the year 1900. Copies are available at the Public Archives of Nova Scotia in Halifax or on loan at any Family History Centre operated by the Church of Jesus Christ of Latter-day Saints worldwide. The files from the year 1900 to the present have also been filmed for preservation and will eventually be made available on microfilm.

[2019 update – The microfilm images have been digitized and are freely available on-line at [familysearch.org](http://familysearch.org)

Go to Search, Records; Canada, Nova Scotia; Image only Historical Records, NS Probate Records 1760-1993; Browse, Hants. With the help of this index, especially the “File Number” and a little trial and error you can locate high quality digital images of the original files.]

An index to persons named in the wills and papers from Estate #1A through #253A (1767 to 1827) was produced in 1989 and copies are held by the Public Archives of Nova Scotia and the West Hants Historical Society.

With amalgamation of the Probate Courts for Kings and Hants Counties in December 1995, responsibility for the original files has been transferred from Windsor to Kentville although many of the early files remain stored in the vault at the Court House, 240 King Street in Windsor. The mailing address is now:

The Registrar of Probate |  
Kings and Hants Counties  
The Law Courts  
87 Cornwallis Street  
Kentville, Nova Scotia  
B4N 2E5

tel: 902 679-5339 fax: 902 679-6178

I would like to thank the executive of the Hantsport and Area Historical Society for sponsoring this project through SEED grants from the Federal Department of Employment and Immigration and thank the student researchers; Kiersten Mahoney and Jason MacDonald for their efforts. I would especially like to thank Mrs. Rippey for her patience and assistance.

Leland H. Harvie  
Indexing Coordinator

4 February 1996
